Who are we?

Our main aim is to provide best service in the real estate world and setting up the international level of service standard, this include marketing of your property or project, property management service, web developing and designing with cloud base software. We are the organisation which is formed by the people who worked purely in real estate agencies in various departments in international market with experience of more then 10 years. We bring all the aspects of real estate requirements under one roof which are described further in detailed. Today even renowned developer are failing to maintain the level of service which they have promised which can be confirmed by going through the online forums, at **DealTied.com** we assure that the buyer or investor gets the best service even after he purchases the property, service like property management, photography by our professional photographer, creating videos, floor plan designing, rent collection, leasing of their apartment, hospitality service, plumbing, garden maintaining and pick up and drop service make us different and reliable from others.

Our Products: Sales | Property Management | **Web Developing** | Web Designing | **Cloud Base Property Management Software** | Accounts | Legal Services
